

Further steps

1. Catalogue of indicators from Workshop
2. ALPARC: Complete the tables (15 April 2011) : **150**
3. Working group: select one – the most significant indicator - par outcome (30 April 2011).
4. ALPARC: Elaborate final version of catalogue (15 May 2011) : Table with one indicator for each outcome : **60** (whole catalogue in appendix).
5. ALPARC and steering committee: elaborate a recommendation of around maximum **30** indicators for the final report.
6. Application for a first time in Pilot protected areas as a test run. Possibility for the PA to use other indicators (**60, 150 or new**) (2012).
