

**ALPARC is the Network of all protected areas within the Alpine Convention area, from France to Slovenia.**

Its members take part to the actions referring to their needs and interests. Actually, all in all more than 1000 large alpine protected areas are listed. They cover about 28% of the Alpine space (Alpine Convention Perimeter), a part of them with their own administration. About half of these institutions are yet member of the ALPARC association.

This network was created in 1995 in the aim to realise common projects, to initiate exchanges of technics, to evaluate the efficiency of management methods and to organise meetings and professional events about different topics in the spectrum from fauna monitoring to climate change.

The aim of the ALPARC organisation is to promote the exchange of expertise, techniques and methods among the managers of Alpine protected areas. The organisation initializes and facilitates realizing common projects among the Alpine protected area and performs their international coordination conforming to the Alpine Convention.

The coordination unit manages the implementation of joint European projects involving protected areas, organises conferences, symposiums, workshops, and meetings and produces publications and other communication products and tools.

Every year it also arranges the meetings of the ALPARC Board, Council and General Assembly.

The headquarter of ALPARC is in Chambéry (Savoy / F).
